THIS WEEK'S PIPELINE

Briefed Mon, May 25

Volta Metals Ltd. CSE: VLTA

9/10

CHASING

Critical minerals (REE + gallium) · C\$5M raise @ \$0.17 · Market cap C\$22M ·
Ontario

"Saw the Springer financing close. Magnet metals + Ottawa critical minerals
push, PEA catalyst arc. 15 min if you're thinking coverage post-close."

Source: Gordon Group · Decision-maker: Kerem Usenmez, CEO · No PR firm of record

NorthArrow Minerals TSX-V: NAR

8/10

CHASING

Lithium exploration · C\$8M bought deal · Market cap C\$45M · Quebec / Nevada
dual-asset

"Lithium reset on Q3 prices makes the Quebec story under-told. Worth covering
before the next drill program drops."

Source: Canaccord · Decision-maker: Daniel Mosher, CEO · Last release: 47 days ago

Atomic-43 Industries CSE: AT43

7/10

NEW

Uranium exploration · C\$3.2M unit financing · Market cap C\$18M · Saskatchewan

"Sask uranium tailwind + Trump-era nuclear policy = narrative window. Briefing-
only - exploring fit."

Source: SEDAR+ · Decision-maker: TBD (no CEO bio on site)

Helium Evolution TSX-V: HEVI

6/10

KILLED

Helium exploration · C\$4M financing · Market cap C\$31M · Saskatchewan

Colin's note: "Already have PR firm - Cohn & Wolfe on retainer."

Skyharbour Resources TSX-V: SYH

7/10

LATER

Uranium exploration · No active raise · Market cap C\$67M · Athabasca Basin
"Watching for drill results due Q3. Re-surface when results are imminent."

Source: Junior Mining Network · Decision-maker: Jordan Trimble, CEO
